Product Information:

Rectangular free-standing mirror with a frame made of MDF board. The mirror glass, 3 mm thick, is reinforced on the back with a safety film that, in case of breakage, keeps the glass intact and minimizes the risk of injury. The product is intended for indoor use. The structure does not require permanent wall mounting.

Assembly Instructions:

1. Carefully open the packaging, avoiding the use of sharp tools near the mirror surface. **2.** Check the completeness of the product and the condition of the mirror glass before positioning. **3.** Choose a stable, flat surface to place the mirror – preferably near a wall. **4.** Unfold the rear support leg of the mirror until the structure stands securely and firmly on the floor. **5.** Make sure the leg is fully extended and locked in a position that prevents accidental folding or tipping.

Cleaning:

Use a soft, damp cloth with water or a mild glass cleaner to clean the mirror surface. Avoid: products containing alcohol, acetone, or ammonia; abrasive sponges, brushes, pressure washers, or steam cleaners. Clean the MDF frame with a dry or slightly damp cloth. Do not allow the frame to become excessively wet.

Important! Safety Precautions During Use:

The mirror is made of glass – handle with care during transport and assembly. Do not leave children unattended near the mirror. This product is not a toy or climbing structure. Do not place the mirror in areas exposed to strong impacts, vibrations, or risk of tipping. Do not lean the mirror against unstable surfaces or place it in walkways. Do not lean on the mirror or load it with additional objects. In case of breakage, do not touch the glass with bare hands – use protective gloves and secure the area. Do not place the mirror near heat sources (radiators, fireplaces) or in humid environments. Before assembly, store the product in a dry place, away from direct sunlight.
